

What the Care Coordination Association can do for students...

The CCA is an association of health, social care, third sector, forensic, and academic organisations that come together to support staff development and training and improvements in services. Student membership includes:

- ✓ Support for academic study, research and development in health and social care through access to excellent and comprehensive reference material
- ✓ Access to the annual good practice awards scheme, which includes best student
- ✓ An electronic copy of the professional journal 'The Approach' which highlights practice developments, research, discusses current issues and ethical problems in health and social care standards
- ✓ Good practice updates and resources via a website and social media including a blog and twitter
- ✓ Student rates for our national events

Cost: £20.00 per year to anyone with evidence of a student ID card from a recognised educational establishment.

Special introductory offer

A free copy of the national Care Standards Handbook which details how care standards work and gives good practice tips, references etc. The handbook has recently been updated to include issues on recovery, safety and risk management and CQC, NICE and other standards
